MSP Opens Branch at Warneminde, Closes Branch SUBJECT at Luckenvalde, Plans Personnel Transfers DIST. PAGES 25X1A 25X1X Germany. SUPPLEME The Material and Shipyard Department of the Ministerium für Schiffbauindustrie (MSP) in Berlin-Köpenick recently established an office at Warnemunde, where apartments have been assigned to a number of engineers under the supervision of Ing. Schlagk. Some of these men were formerly employed by OST-IBO. an ex-employee of the Schichau plant at Elbing. Schlaak 1s At the same time, the MSP branch at Rosslau absorbed the branch at Luckenwalde. The construction office at Kopenick is to be transferred to Rosslau in the near future. Submarine specialists currently working for the MSP Planning Department in Köpenick are to be shifted to Blankenburg and a list of the men agreeable to such a transfer has been prepared. The Russians at MSP recently stated that, due to objections by the ACC, all former NSDAP members would be discharged, When they were rold that this would mean the loss of the most valuable MSP personnel, the Russians implied that all first-class specialists would be retained.
